Condemning Israel's Aggressive Attack
against the Sovereignty and Territorial Integrity
of the Islamic Republic of Iran

Illegal Use of the Airspace of the Republic of Iraq
26 October 2024**

The Organization of Islamic Cooperation (OIC) in New York condemns in strongest terms the aggressive attack by Israel against the Islamic Republic of Iran on 26 October 2024, which resulted in the loss of lives of four Iranian military forces and a civilian.

The Group expresses that acts of aggression committed by Israel flagrantly violate international law and the UN Charter as well as a serious infringement of the sovereignty and territorial integrity of the Islamic Republic of Iran.

The Group also condemns strongly the violation of sovereignty and territorial integrity of the Republic of Iraq by Israel which used to commit act of aggression against the Islamic Republic of Iran.

The Group affirms the inherent right of the Islamic Republic of Iran and other affected countries under international law and the UN Charter to protect their sovereignty, territorial integrity, security, and people.

The Group warns, once again, that the ongoing atrocities of Israel, the illegal occupying power, in occupied Palestine territories in particular in Gaza and Lebanon, as well as its malicious activities in the region threaten peace, security, and stability in the region, and calls for an immediate and effective intervention by the UN Security Council, which has the primary responsibility in the maintenance of the international peace and security.
