No. 3107051

6 November 2026

Excellency,

Upon instructions of my Government, I am writing with reference to the letter dated 4 November 2026 from the so-called representative of Yemen to the United Nations, addressed to the President of the Security Council (S/2026/888), which contains baseless allegations of the Islamic Republic of Iran's military intervention in Yemen, including claims concerning the presence of Iranian military experts in the country.

The Islamic Republic of Iran categorically rejects these allegations in their entirety as wholly unfounded and devoid of any factual or legal basis. Such baseless allegations are deliberately advanced to mislead the international community, distort the realities on the ground, and, above all, divert attention from the root causes of the war of aggression against the Yemeni people and those responsible for its continuation.

As mentioned in our letters dated 14 September 2026 (S/2026/737) and 12 October 2026 (S/2026/801), for nearly a decade, the people of Yemen have endured the consequences of a devastating conflict, including an unlawful prolonged blockade and restrictions on vital civilian infrastructure. The resulting humanitarian catastrophe in Yemen remains one of the gravest crises in the world, in which serious violations of international humanitarian law have continued with impunity. The Islamic Republic of Iran categorically rejects any attempt to distort the facts or shift responsibility, and calls for an immediate end to the ongoing aggression against Yemen, in full respect for its sovereignty, independence, and territorial integrity.

The Islamic Republic of Iran's principled position on the ongoing conflict in Yemen remains clear and consistent. Iran reaffirms its commitment to the sovereignty, independence, unity, and territorial integrity of Yemen, and remains convinced that there is no military solution to the Yemeni crisis. Iran maintains that the establishment of peace in Yemen requires an immediate end to military attacks, respect for sovereignty and territorial integrity, and the Yemeni people's right to self-determination, the lifting of the naval and air blockade imposed on the country, and dialogue based on the agreed political roadmap. The Islamic Republic of Iran stands ready to provide any assistance in this regard.
